

WIS STAINLESS STEEL INDICATORS

HL-2605B1 1P64

HL-2605B1-F IP67

Zero load signal: 0-10mV

A/D conversion resolution ratio: 300 000

Display resolution: 30 000

Load cell excitation: DC5V, driving 4 x 350 ohm load cells

Operating temperature: 0-40 degrees Celsius

Display: 7 segment LED

16 different capacities to select from 3kg-5000kg

Power supply: 220VAC with rechargeable backup battery

HL-2605B1-F includes animal weighing function

Full keyboard calibration

Zero point auto-tracking

Full range Tare

Over load indication

Simple counting

RS-232C output (optional)

Bill printing output (optional)

Weight unit selection kg lb
